Installing Stream TV for the First Time (new box, new remote)

1. You should see the screen below during First Time Installation (FTI).
2. Press the TIVO button to start the pairing process.
3. The indicator light will blink amber/yellow slowly while it searches for the Stream TV box. It will then blink amber/yellow quickly 5 times when pairing is successful.

Re-pairing your Remote to your Stream TV box (existing box, existing or new remote)

1. If you change your Stream TV remote or for any reason it becomes unpaired, press the TIVO and BACK buttons simultaneously until the indicator light turns RED.
2. The indicator light will blink amber/yellow slowly while it searches for the Stream TV box. It will then blink amber/yellow quickly 5 times when pairing is successful.
3. If a list of remotes appears on the screen, use the directional pad to highlight the remote and press OK/SELECT to choose the remote and pair it.

Reset & Re-Pair Your Remote

1. Press and hold the TIVO and POWER buttons on the remote simultaneously for approximately 3 seconds, until the activity light turns solid red. Note: If you don't press the buttons exactly at the same time, you may see the activity light flash yellow or yellow/red instead. Try again after the light stops flashing.
2. Press VOLUME DOWN three times.
3. Press the TIVO button.
4. The activity light will flash red three times.
5. Remove the batteries from the remote for at least 10 seconds.

The remote is now reset and can be paired with your Stream TV box

6. Insert the batteries into the remote.
7. Press the TIVO button to start the pairing process.
8. The indicator light will blink amber/yellow slowly while it searches for the Stream TV box. It will then blink amber/yellow quickly 5 times when pairing is successful.

Controlling your TV power and volume with your Stream TV Remote

1. Go to Menu > Settings > Remote Settings > Remote Control Programming
2. Choose "Set up TV" and choose your TV manufacturer from the list (the channel up/down buttons can be used to scroll faster)
3. Follow the on-screen instructions to begin testing code #1
4. If code #1 works, you're done! Otherwise, try additional codes until you find one that works for you.

Note: If you notice odd behavior after programming the remote, you can always go back to this screen and select "No, try next code" and try a different code.

Thanks for Choosing Breezeline
