WELCOME
TO THE TiVo^o
EXPERIENCE
WITH VOICE
REMOTE

Welcome To The TiVo® Experience!

The TiVo experience instantly gives you total control of the TV programming you love, and much more! The TiVo digital video recorder (DVR) also connects to the Internet and gives you access to an entire universe of on-demand movies, TV shows, and web videos (and you can stream shows from your TiVo DVR to every room in your home!).

Also, with six tuners and 150 hours of HD recording capacity (enough for 300 episodes of “Modern Family”), you can say good bye to recording conflicts!

Press the TiVo button on your TiVo remote control to get to the Home screen, the starting point for all of TiVo’s amazing features.

ONEPASS™ YOUR TICKET TO LIMITLESS ENTERTAINMENT.

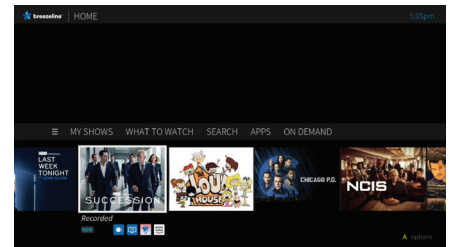

OnePass gathers every episode of a series available anywhere and adds them all right to your My Shows list. Now you can watch a series from beginning to end, or start on any episode or season you want.

If it’s not available on TV or Breezeline On Demand, OnePass fills in the gaps with episodes from providers like Netflix and more.

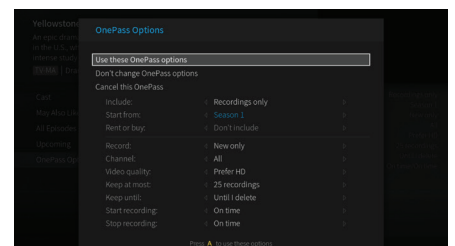

MY SHOWS FIND. WATCH. REPEAT.

All of your recordings and streaming videos appear in the My Shows list. To get to the My Shows list from any menu screen or from live TV, just press the TiVo button twice. (Just press it once if you’re already on the Home screen.)

Filters in the left pane of My Shows let you narrow your My Shows choices instantly. Filters include Continue Watching (shows you’ve been watching most recently), Movies, TV, and Kids. As you highlight a filter, your My Shows list will update automatically. In the main area of My Shows, you’ll find all of your OnePass selections, single recordings, WishList searches, and bookmarked shows and movies.

For more help using your TiVo box, visit tivo.com/howto.

To create a OnePass, find a show you want to watch, then choose “Create a OnePass.”

VIDEO APPS EVERYTHING, WITH ONE REMOTE

When you search or browse for movies or individual episodes of a series, your results include videos available to stream from your selected video apps — no need to switch to a different input. Don't have time to watch it now? Rather than search for it again later, 'Bookmark' it to add a link to the video directly to My Shows.

THE SMARTBAR READY WHEN YOU ARE

The SmartBar, located at the bottom of the Home screen, predicts shows to watch based on what your household usually watches at a particular time or day. For example, if you normally watch the previous night's late-night talk show the next morning, you'll see it in the SmartBar when you wake up. If the kids tend to watch shows while dinner's cooking, those shows will be waiting in the SmartBar at that time each day.

SMARTBAR

QUICKVIEW NEVER MISS A THING

While you're watching live TV or a recorded show, QuickView lets you see what else is playing now or coming up without missing the action on the show you're watching.

It's easy: press UP to see a mini guide; DOWN to display the SmartBar; LEFT to bring up your favorite channels; and RIGHT to take a look at what's playing on other tuners.

QUICKMODE® IT'S NOT FAST-FORWARD, IT'S QUICKMODE!

QuickMode lets you watch a show 30% faster, while also letting you hear what everyone is saying! No chipmunks allowed.

QuickMode is available while you're watching a recorded show, or if you're "behind" live TV (for instance, if you have rewound a show that's airing live). Just press PLAY to bring up the status bar, then SELECT to start QuickMode. Press PLAY and SELECT again to watch at normal speed.

EVEN MORE COOL STUFF YOU CAN DO...

ASK FOR WHAT YOU WANT.

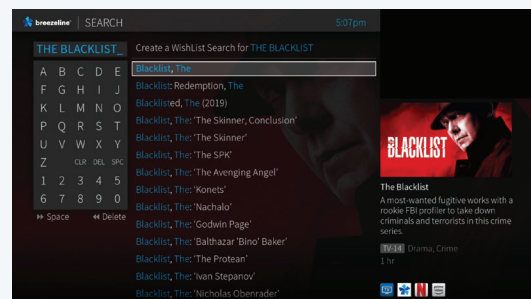

The TiVo voice remote is the only remote that lets you speak in natural language and gives you the ability to narrow your search results as you go. Search for shows, tune to a channel, ask for recommendations...it's all at your fingertips.

To issue a voice command, press and hold the  button and speak naturally into the remote. You can say things like "Watch Modern Family," or "Launch Netflix," or "Find some action movies." You can even add on to your initial command to get more specific. For example, after the command, "Show me some action movies," you could add "From the 80s...just the ones with Bruce Willis."

SEEK AND YOU SHALL FIND!

Only the TiVo experience offers fully integrated search. No other device instantly scans across all TV programming, the Breezeline on-demand catalog, and your selected video apps to find exactly what you want. It's like an entertainment search engine presenting you with a list of great options, so there's almost nothing you can't start watching in seconds!

Search by show title, episode title, show description, or person name (actor, director, etc.). The TiVo service searches upcoming TV shows and movies, on demand offerings, and streaming apps all at the same time. You can even search for a particular channel by its network name or call sign (e.g., ABC or ESPN).

TAKE A SHORTCUT TO GREAT SHOWS.

So many channels, so little time! TiVo's "What to Watch" lets you browse shows available to stream, watch live, bookmark, or record.

Top-level categories include 'On TV Today,' 'Sports,' 'Movies,' and more. Each category also includes more specific sub-categories to help you find exactly what you're looking for. For example, from the 'Movies' strip, select 'View All' to see subcategories like 'New Releases,' 'Action,' and 'Comedy.'

TIVO IS ALL ABOUT PLEASANT DISCOVERIES.

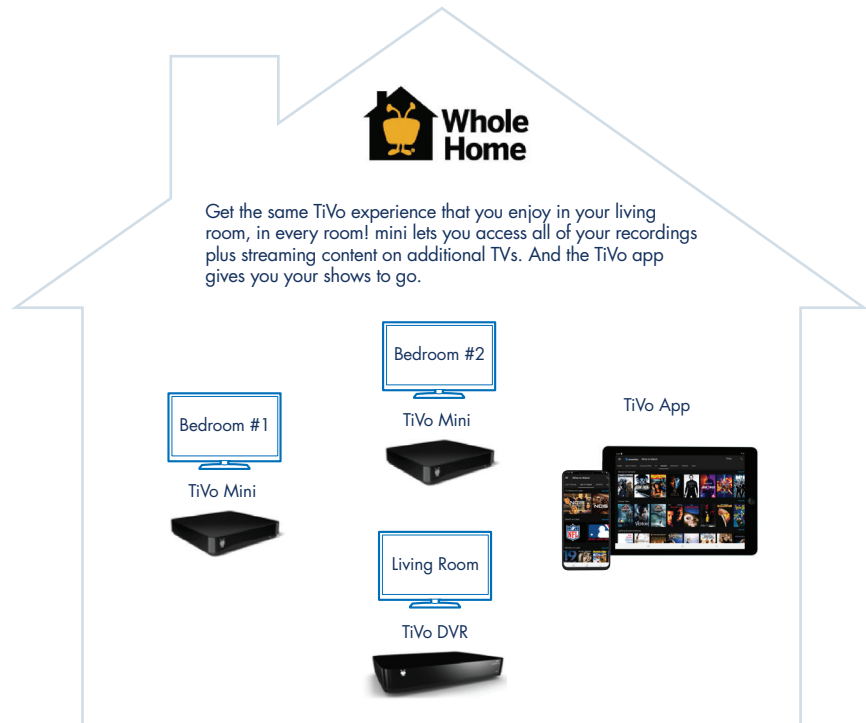

Finding the things you love is a snap with a WishList® search. Have a subject, title, actor or director you're curious about? Just set up a WishList search and your TiVo box will search all your programming 24/7/365 and record it for you.
